Notification

It is hereby notified that ICTRD has officially launched a new skill-based program titled "Project Management Professional". The program is now open for enrolment and aims to equip learners with essential project management skills aligned with current industry standards and the evolving professional landscape.

The cost of similar training and certification programs offered by other reputed institutions typically range from Rs. 25,000 to Rs. 40,000. However, in line with ICTRD's commitment to supporting underprivileged students and promoting financial independence through accessible, high quality education, the total cost of the program has been set at a nominal fee of Rs. 3,550.

As per the recommendations of the Board, a scholarship of Rs. 1,850 has been approved for all students, effectively reducing the fee to Rs. 1,850. It is important to highlight that ICTRD charges solely for the certification examination, while the training materials are provided free of cost. This program includes comprehensive access to all training material at no additional cost, the certification examination, and the free delivery of a hard copy of the certificate to the student's registered address upon successful completion of the exam.

The course is hosted on the Kaushalpith platform, an initiative of ICTRD for skill-based programs, and can be accessed at: <https://ictrd.in/course/Project-Management-Professional> It is also available through the official ICTRD website at www.ictrd.org under the Certifications section.

All course-related information, including rules and regulations, examination protocols, certification formats, and guidelines, is available on the above-mentioned websites.
